Creating a E-Commerce Website Using Word Press
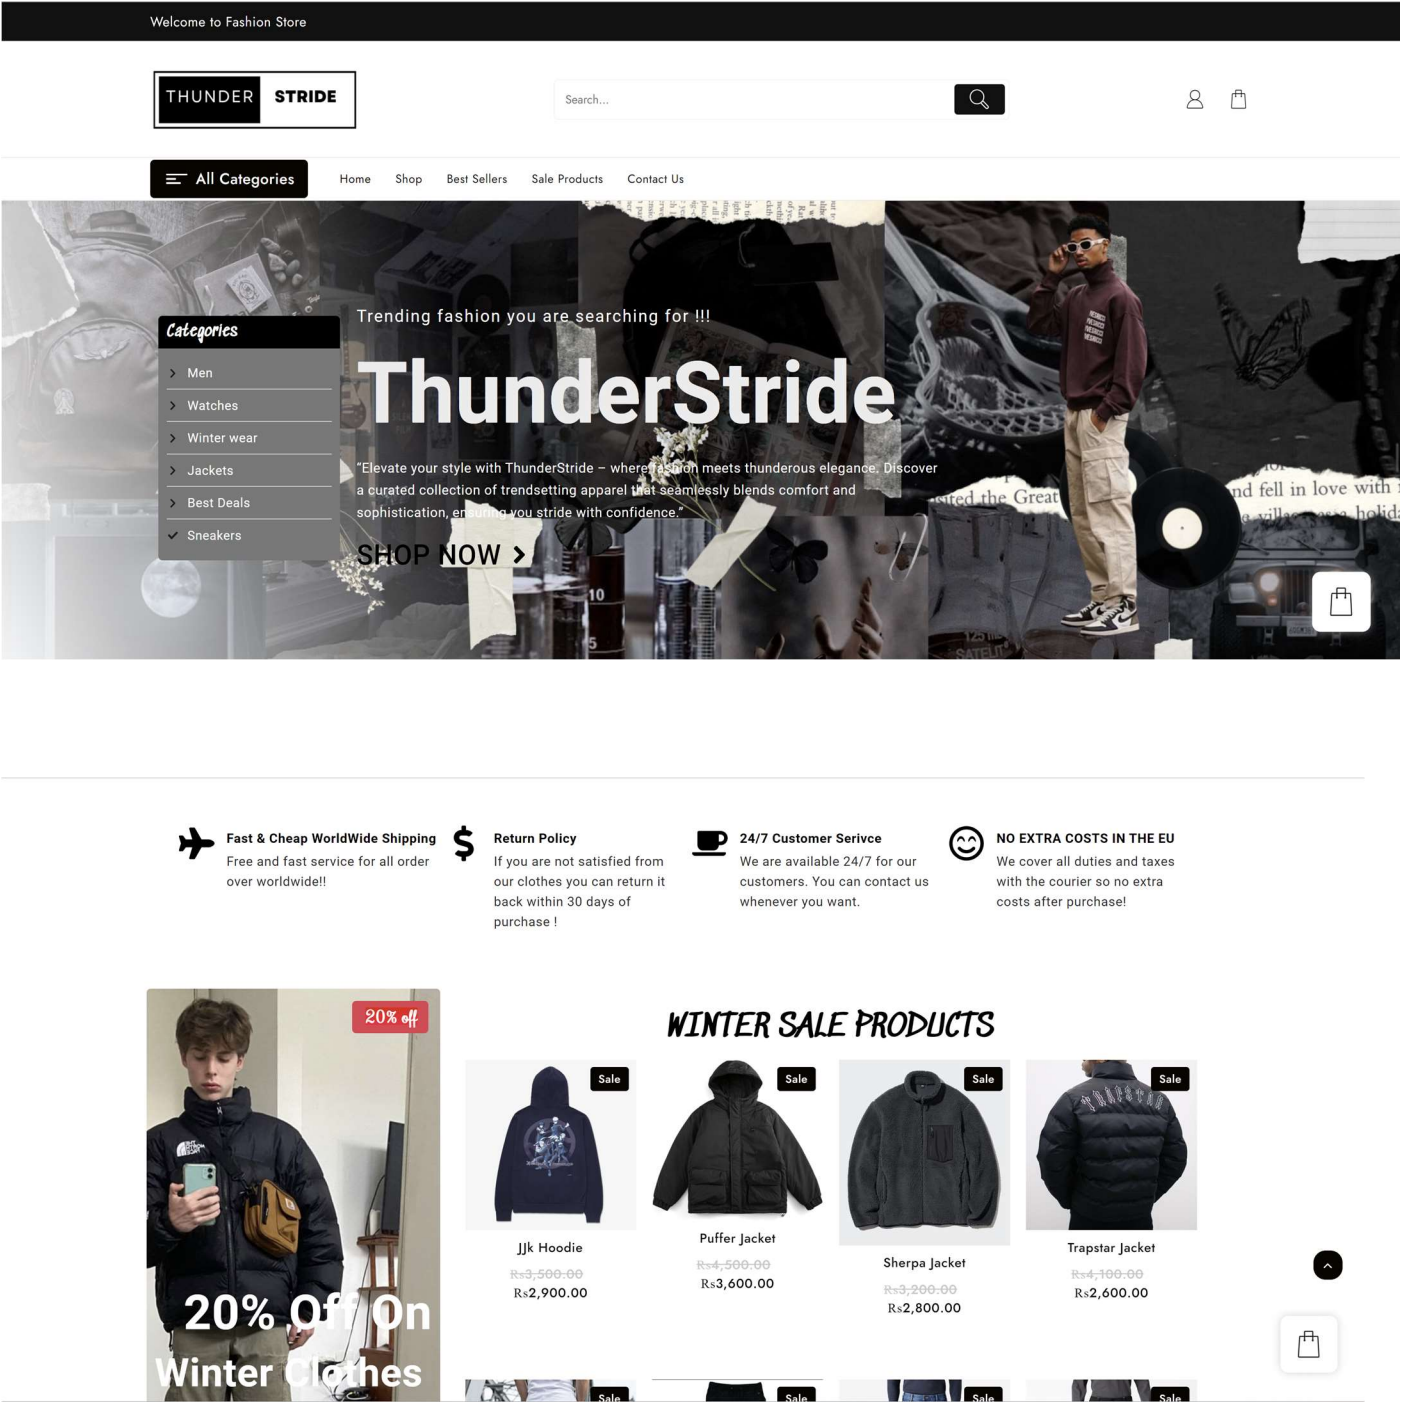

Submitted By:

Pawanraj Joshi

3rd Semester BIT

Project Name – Thunder Stride

I've meticulously crafted and launched an exceptional e-commerce venture utilizing Word Press, aptly named "Thunder Stride." This dynamic online platform not only offers a user-friendly interface but also seamlessly integrates with an advanced online payment system. Through this system, customers can securely and conveniently conduct transactions using E-Sewa, enhancing the overall shopping experience. With a commitment to excellence, Thunder Stride provides a diverse range of products coupled with efficient payment processing, ensuring customer satisfaction at every step of their journey.

Here are the slides of the E-Commerce website:
